

AMPLIFYING CULTURAL CONNECTIONS THROUGH DIGITAL INNOVATION CONFERENCE 2025

Whanake tahi ∞ *Better together*

Time		Thursday 26th June 2025			
8.30am	Arrival at Novotel Hotel				
	Pōwhiri Innovation and Creativity meet culture				
9am - 10am	We will start our day by listening to one of our talented local artists, Whare Bidois . Whare merges traditional carving with digital design, using Procreate on iPad to refine his taonga concepts. Its layering, mirroring, and precision tools ensure each piece is visually accurate before carving, making it an essential part of his creative process.				
10.00am - 10.30am	Paramanawa				
	Classroom tour				
10.30am. - 12.30pm	Join us for a classroom tour and get a firsthand look at how we’ve integrated iPads into our daily routine. Our Prefects will take you on a guided tour of our classrooms, showing you how iPads are used to make learning more engaging and effective.				
	Innovation Hub - Connect & Explore				
	A space to ask questions, share ideas, and build connections with industry experts. Discover how technology and services—from Apple Finance to AI—can support and enhance teaching and learning in your school.		Apple Finance Noel Leeming Jamf Legend Sports	Wonde Digital Design AI Hangarau Matihiko Micro Credentials	
	Inspiration Stations				
	Our students will lead innovative mini-workshops on integrating iPads in the classroom, demonstrating their projects, and teaching specific apps such as Keynote and Sketch. Explore our Esports suite and its benefits, and see the Engineers Club in action with projects from Vex, Robo Cup, LEGO, and Aquabots.		Engineering Club Aquabots Esports Everyone Can Create Coding		
12.30pm - 1.30pm	Kai o te rā				
1.30pm - 2.30pm	Breakout session 1 & 2		Classwork & Classroom Esports Enginnering Club Everyone Can Create Hauora MacBook Digital Modelling books	He Pataka Kōrero RBHS Rotorua Primary Vision Strategy AI Digital resources for Structured Literacy	
2.30- 3.30	Attend two different hands-on 40-minute workshops designed to spark creativity and enhance learning. These engaging sessions will leave you inspired with practical ideas and strategies to take into your classroom. Choose the one that interests you most and get ready to create!				
	How to engage with Artificial Intelligence				
3.30 - 4.30	To conclude the day, guest speakers Doug Healey and Adam Ellis will lead a session on Artificial Intelligence—exploring its impact on content creation, curriculum planning, and delivery.		Doug Healey Adam Ellis		
4.30pm	Refreshments - mix and mingle and time to connect and reflect				

Whare Bidois

He Whare Whakairo
He Whare Pounamu
He Whare Taonga mo te iwi e!
