Nga mihi ki a koutou nga koeke, matua, whanau, me nga tamariki toa o
Te Kura o Pukeroa Oruawhata - Rotorua Primary School me te tangi hoki ki a ratou kua riro
atu.

This week, the Prime Minister advised that in Alert Level 2 schools are safe environments for children, young people and staff and that additional public health control measures are in place to prevent the spread of disease and to support contact tracing.

The good news is that we are ready to welcome all students and staff back to school.

The key Public Health approach is to minimise the risk that someone gets infected in the first place, and second to ensure we can identify and contact anyone who has been in close contact with a person, if someone in a school is infected.

As we have done in Alert Level 3, you can be assured that in Alert Level 2 we will know who is at school, who our staff and students have been in close contact with and take appropriate measures to keep everyone safe.

We will have a continued focus on:

1. physical distancing is a good precaution to prevent the spread of disease.
2. good hygiene practices, this includes staff and students coughing into their elbows, handwashing and drying and regular cleaning of commonly touched surfaces.
3. Contact tracing via our school app for public and visitors at school/events.

Under Alert Level 2, we advise any students and staff to stay at home if they are sick, and we will send anyone home immediately if they show any symptoms.

It's important however that not just at school but at home, safe hygiene habits are practised by everyone, as this is essential to minimise the risk that someone gets infected with Covid-19.

**Our School App has a new COVID - 19 Check - in module for contact tracing.
Please register and use**
